

## Dynamics 365 Business Central Turbocharge

Your business evolves every day. From estimates and invoicing to manufacturing and marketing - the wheels never stop turning. You can't afford the disruption that is often part of installing a new enterprise solution.

That's where Advanced Business Systems comes in.

Our team of experts can get you and your company up and running on Microsoft's Enterprise Resource Planning solution Dynamics 365 for Financials in just 2 days. Our hassle-free service allows you to keep your business humming while we get your ERP up and running.

The install will include the following:

- G/L Chart of Accounts
- Customer Master data
- Vendor Master data
- Inventory Master data
- Posting group setup
- Bank accounts
- Company Logo
- Sales Tax setup
- User role setup
- Basic account schedules
- Outlook integration
- Standard A/P Check Layout

Two-day Microsoft Dynamics 365 Business Central Install.
