

Microsoft Dynamics 365  
Finance & Operations  
Distribution  
Rapid Deployment

The landscape of consulting is changing significantly. Customers are less interested in services and more interested in solutions. At Axtegrity Consulting, our philosophy is quite simple --perfect a solution and deliver it to the marketplace quickly and reliably, eliminating unnecessary costs.

Axtegrity can offer a Rapid Deployment for Finance & Operations customers at a fixed cost of **\$149,000.00**. The project duration is estimated at 16 weeks after project kick-off.

Included in the Standard Distribution solution are the following deliverables;

- General ledger (1 company)
- AP
- AR (simple receivables entry)
- Banking (w/ manual reconciliation)
- Multi-currency
- Out of the box financial reports
- Fixed Assets
- Basic Budgeting
- Data conversion templates (Customers, Vendors, open AP, open AR, GL (1 year of history), Chart of Accounts)
- Inventory and non-stock items
- Lot and serial number tracking (if applicable)
- Quotes, sales orders, invoices
- Purchase orders, receiving with 2 or 3 way match
- Warehousing w/ bins (pick/pack/put-away)
- Simple workflow/journal approvals
- FIFO costing
- Data conversion templates (Items, Inventory Qtys., Price List, Open Invoices, Open Orders, Open Purchase Orders)
- Web/live remote training

Not included in the Standard Distribution solution are the following:

- 3<sup>rd</sup> Party integrations
- Customizations
- Jobs & Project Costing
- Manufacturing

Benefits of our Standard Distribution solution

- Rapid Deployment
- Predictable Costs
- Less Customization Requirements
- Higher Success Rate
