

Communication Square

# Communication Square

Microsoft Gold Partner

**HIPAA COMPLIANT CLOUD SOLUTIONS**

**4-WEEK IMPLEMENTATION**

For any healthcare providing organization, meeting the HIPAA compliance is very important. That's why Communication Square comes to your aid with already-compliant Microsoft cloud solutions.

### Microsoft covers all the aspects of HIPAA Compliance including:

- Privacy: To ensure patient confidentiality.
- Security: Information protection and administrative safeguarding of data.
- Identifiers: The types of information that cannot be released if collected for research purposes.
- Codes for electronic transmission of data in healthcare-related transactions, including insurances.

### HIPAA Compliant Microsoft Solutions and Services:

- Azure
- Cloud App Security
- Microsoft Health Bot Service
- Microsoft Stream
- Microsoft Flow
- Intune
- Office 365
- PowerApps
- Power BI

### Microsoft Compliance Manager:

- Single dashboard for all compliances and data protection posture
- Meet and manage compliances
- Manage data protection
- Get actionable Insights and recommendations
- Streamline your workflow with Control management and audit-ready reporting tools
