Microsoft Partner

FUELED BY EXPERIENCE

CRMD has the resources to efficiently and effectively find solutions that businesses need. We've been doing this for more than two decades and we're confident that our team has the ability and know-how to quickly deliver a customized industry specific solution that is uniquely right. You're not just a client when you work with CRMD—you're a partner and helping to drive your success is what motivates us.

PAYMENT GATEWAY PREMIUM

Using Authorize.net, Payment Gateway will process your credit card transactions inside of Dynamics without storing CRM User Passwords or Credit Card Numbers. This add-in requires the Microsoft Dynamics Sales License.

FEATURES

- PCI Compliant & process credit cards with an invoice
- Easy processing of credits and refunds & charge weekly, monthly or annually.
- Full integration with Authorize.net which is automatically compatible with PayPal
- Ability to charge in multiple currencies & save multiple cards for each customer
- Optional discounted trial period for recurring billing cycles
