Shipping Cost for Dynamics 365 Business Central

App Data

Application Name	dynamic commerce Shipping Cost
Publisher	dynamic commerce GmbH
Brief Description	Manage shipping cost directly in Dynamics 365 Business Central
Description	Our extension provides the ability to add shipping options to Dynamics 365 Business Central. You also can add different filters to each shipping options like weight, amount and country / post code. After that you can add a shipping option with one click to an order. The shipping option gets automatically selected based on the order and the previously created filters. Additionally you can group the shipping options and add a group to customers for special shipping options per customer.
