

Forms Connect

Solution Summary

Introducing a revolutionary new way to digitise Forms. Using the power of the Microsoft Cloud, Evros have engineered a simple yet innovative Form Solution.

Forms Connect turns paper-based processes into digital workflows! With a complete library of form, process and reporting components designed to work together seamlessly to create reliable and easy-to-use solutions.

There is a large selection of building blocks for common business tasks (approval stages, repeating sections, data import, PDF conversion) to simplify your end result.

Use the powerful forms components to capture information from your users with an easy-to-use interface. Welcome to the power of Forms Connect
