

## RapidStartCRM Proof of Concept

We know that you can only see so much in a Test Drive of our RapidStartCRM Applications. We offer a fixed-cost Proof of Concept service, so you can get a real understanding of our applications and how they could meet your business requirements.

The POC fixed at 10\* hours of our assistance to perform the following items for you, so you can better evaluate RapidStartCRM:

1. Creation of a trial CDS environment, and installation of our RapidStartCRM application.
2. Add your POC users and assign roles.
3. Perform light customizations to demonstrate platform flexibility.
4. Import a minimal subset of your own data for familiarity.
5. Setup the Mobile App experience.
6. Collect your feedback and develop a "Next Steps" action plan.

To initiate a POC, you can go to [our store](#) and buy one! We'll take it from there.

\*You can purchase more hours if needed, to go as in-depth as you like with your POC.
