

# IDOS | Multi Currency Accounting & Consolidation

Have all finances reported in the currency of your choice. Never struggle with conversions again.

**IDOS automates multi currency accounting and consolidations. Saving you time and confusion that accounting for multiple currencies is generally associated with.**

## Real-time accounting and consolidation of multiple currencies.

IDOS, through an automated workflow process ensures that all accounting information - in different currencies - is recorded in concurrence with generally accepted accounting principles; and consolidated real-time in the reporting or functional currency for management reporting, analytics and statutory reporting.

## Enhance process efficiency Multi currency accounting.

- Real-time accounting of multiple currencies
- Real time consolidations
- Automated daily conversion rate update
- Global MIS & Analytics on one click
- Save time and effort

## Avoid delays in statutory and management reporting

When multiple currencies are converted, reported accurately, real-time; your reports are reliable and you never miss a deadline.

## Make better decisions faster

Running a global business is a complicated enterprise. But when you have real-time information of all your business locations in the currency you think in, it becomes that much faster and easier to make strategic decisions.

## Stay in concurrence with local GAAPS

Automated accounting not only accounts accurately, but it also helps you stay in concurrence with the generally accepted accounting principles of the countries you operate in.

**Never miss global reporting deadlines**

**Get more lead time for decision making**

**Be compliant with accounting laws of the land**

**Our global accounting and consolidation was in a mess; plagued with several errors and consistent delays, primarily emanating out of the multitude of currencies that the accountants had to deal with. Adopting IDOS has solved those hassles and now our global accounting is orderly and accurate.**
