

Migrating from Dynamics GP to Dynamics 365 Business Central: 2-Hour Assessment

Time Required: 2 hours

Cost: Free

Description: This assessment is designed for current Dynamic GP users to determine if Dynamics 365 Business Central is the right fit for your business.

In this free 2-hour assessment, you will work with our experts who are versed both in GP and Business Central to discuss your business needs and determine your desired future ERP solution.

Topics to be discussed can include, but are not limited to:

- Company Structure
- Users
- Timeframes
- Financial reporting process and requirements
- Dashboards/Productivity
- Company Cloud Strategy
- GP Modules currently utilized

Deliverables:

- A report outlining recommendations based on assessment discussion
- An estimated description cost, along with cost for configuration/setup, training and data conversion if applicable.
