ITRAK

The most scalable and adaptable QHSE software solution for the Microsoft Cloud.

www.useitrak.com

Enrich your workplace safety programs with ITRAK.

Proven to increase efficiencies in organizations by enabling the standardization of QHSE processes.

Why choose **ITRAK**?

ITRAK is the most cost-effective and configurable QHSE software solution on the market today, it is designed to help manage the environmental health and safety processes of today's dynamic businesses. ITRAK works to streamline the data collection and reporting processes with a high degree of accuracy, enabling companies to achieve and maintain compliance in the face of increasingly strict safety regulations.

ITRAK's close integration with **Microsoft Dynamics 365** allows users to leverage the power and scalability that comes with the platform. With access to **Power BI** dashboards, users can obtain a 360-degree view of valuable real time metrics on all types of devices, these powerful interactive reports display critical business data that can be used to monitor the health of any business and can enable insightful data-backed decisions.

With ITRAK's rich functionality, field employees can access the application remotely on any **iOS, Android** and **Windows** device. This mobile functionality breaks down barriers to productivity giving users the freedom to complete audits, inspections and incident reporting from virtually anywhere in an offline environment.

This flexible QHSE software solution, allows organizations to run their entire QHSE operations from end-to-end with intelligent tools that seamlessly work together within the Microsoft ecosystem. The integration with other Microsoft products minimizes the need for complex in-house configurations that normally come with other QHSE platforms. In comparison to other QHSE solutions, ITRAK is proven to be quicker to implement and more intuitive to use, resulting in an affordable, user-friendly business application.

With a wide array of implementations in various industries, ITRAK has been proven to increase efficiencies by enabling the standardization of QHSE processes. In today's rapidly changing business landscape, ITRAK is the definitive solution for managing all your workplace safety & compliance needs.

Make ITRAK The next piece of the puzzle in your digital transformation.
