# D365 QuickStarter Packages

## The OnDemand4U Services

We support you from decision making and successful implementation to the optimization, adaptation and further development of your CRM strategy with the following services:

Consulting	Training	Support
Classical projects according to SureStep	Webinars & Training Material	Support Contract & OnDemand
Agile Projects	Individual Training	Support Prepaid
Starter Packages	Certifications	Health Checks
<b>Licensing Advice</b>		
<b>Microsoft Online Licenses</b>		
<b>Dynamics 365 Add-ons</b>		

<b>Consulting</b>	allows you to implement Dynamics 365 and Office 365 according to different project procedures.
<b>Training</b>	helps your employees to use the applications safely and effectively through regular standard or individual training courses.
<b>Support</b>	ensures the reliability of the applications through various support options and health checks.
<b>Licensing Advice</b>	provides you with the appropriate Microsoft licenses and add-ons on a monthly or annual basis.

# D365 QuickStarter Packages

## Starter Packages

You want to use the standard Dynamics 365 or Office 365 supplied by Microsoft first? You should have a look on our starter packages, which are an interesting alternative to the classic project method. With the starter packages you receive a complete implementation of the relevant

product at a fixed price. We take care of the turnkey installation of the standard.

The starter packages are well suited in combination with our offer for CSP-Silver or CSP-Gold, which ensure the long-term use of your Microsoft Online Services.

We offer the following packages:

Dynamics 365 for Sales - Starter 1.200 €	Exchange - Starter 750 €	SharePoint - Starter 400 €
Dynamics 365 Project Service Automation - Starter 2.400 €	Skype - Starter 400 €	Yammer - Starter 400 €
