orango

A solution for trading and wholesale companies

The consultants at Orango have vast experience of helping trading and wholesale companies to develop their businesses. We know that every company is unique, but that many of them face the same challenges. Backed up by knowledge we have gathered from our many years working together with our customers, we have put together our best functions and add-ons for Dynamics NAV into something great.

Forget about troublesome implementation projects with uncertain costs. Easy Star makes it simple for you to get your new system up and running and you do not need to worry about unexpected costs.

NAV Easy Star includes:

- › Suitable add-ons for trading and wholesale companies
- › A standardized implementation executed by experienced consultants
- › A predictable monthly cost in which support is included
- › A smooth cloud service
- › A subscription on the latest version of Dynamics NAV – no upgrades needed!

Among our customers you can find some of Sweden's most successful companies.

Don't hesitate to contact us and find out how we can improve your business processes.

You find us in Sweden and more specifically in Stockholm, Malmö, Helsingborg and Kristianstad
