

# KNOW WHAT REALLY DRIVES YOUR BUSINESS

## Insight From Outside Your Four Walls

Your company's performance is impacted greatly by what is happening around the world. Studies have shown as much as 85% of an enterprise's performance is determined by external factors. But how do you act on the thousands of economic indicators you read about? How do you know you're making the right decisions?

## The Power of Global Data

Prevedere enhances your current forecasting process by correlating global economic factors to corporate performance. We've done the hard work for you by aggregating millions of global indicators. Our patented Correlation Engine discovers hidden external leading indicators that quantifiably influence your bottom line results.

## Forecast With Confidence

We've worked with the world's largest enterprises to dramatically improve forecast accuracy. From predicting monthly store traffic to creating weather-based "what if" scenarios, Prevedere delivers the insights that enables you to forecast with confidence.

Prevedere is an industry insights and analytics company helping business leaders make better decisions by providing a real-time view of their company's future. Contact us to learn how to turn big data into better decisions.
