Why Bosch Vietnam Localization?

Fully localized Vietnamese Language Reports:

- Easy to use reports in fully Vietnamese language
- Reports can be extracted automatically from the transaction data in AX and directly viewed or printed

Official Templates from Vietnamese Ministry of Finance

- Report templates are in compliance with the latest Circular document from Vietnamese Ministry of Finance, dated 22 December 2014
- Report templates will be updated time to time to comply with any new regulations from the Authority.
- No need to worry about maintaining the report template, businesses can only focus on their business and maintain AX transactional data

Query optimization for best reporting performance

- The report queries are highly optimized to handle the high volume of transactional data.
- Helps the end user in saving the effort and time in generating the reports quickly.

Solution Benefits:

- **Ready-to-use reports**
 - Vietnamese language.
 - Latest official report template.
- **Reduce time and effort for generating reports**
 - With query optimization, users can quickly generate the reports and effectively use their time in other core activities.
