ZAPOBJECTS

Getting Started – Zap Lead Qualify Without Opportunity App

Step 1: Install Zap Lead Qualify Without Opportunity solution file in your Dynamics 365 CRM environment (from AppSource). **This solution works with CRM Online v9.0 and higher only.**

For CRM Online v8.2 or CRM On-Premise, download solution from below link:
http://support.zapobjects.com/dynamics_365_crm_zap_lead_qualify_without_opportunity/release-notes-4/

Step 2: Register license profile online to request free license (Browse to Settings >> Zap Apps >> Zap_LQWO_License, enter details and click register). Refer licensing KB article for more info. (refresh the page if licensing link does not show up in sitemap).

Your free license would be activated immediately for 1-year term. Future year renewal can be requested at the end of term.
